# Bona Domo

A STEP AHEAD FOR DOMESTIC FLOOR FINISHES

## Bona Domo

### A STEP AHEAD FOR DOMESTIC FINISHES

Bona Domo is a member of the Bona family of premium finishes. With good build and a quick drying formula, it protects the wooden floor in no time. Bona Domo can be used from start to finish, both as a base- and topcoat and is easy to abrade.

Easy and forgiving to apply and with a non-yellowing formula, it comprises all essential properties for treating and protecting wooden floors. Waterborne with low VOC, Bona Domo provides a healthy working environment.

#### APPLICATION

Apply the finish using a Bona Polyester Roller. Roll with a smooth flowing motion, alternately across and along the grain of the wood. Apply evenly over the entire surface. Always maintain a “wet edge” to avoid overlaps and allow to dry before applying another layer of finish. Anticipate a slightly longer drying time for each layer that is applied.

#### KEY BENEFITS

- Good build
- Forgiving/easy application
- Easy to abrade
- Non-yellowing formula
- Primer and topcoat in one

#### TECHNICAL DATA

**Type of finish:** Waterborne 1-component polyurethane/acrylate mix

**Solids content:** 28%

#### TECHNICAL DATA (continued)

**Sheen (at 60°):** Silk matt 40%, Matt 18% (approximate values)

**Dilution:** If required, dilute with Bona Retarder (4%) for longer open time.

**Drying time:**

- Ready for sanding/recoating: 1-2 hours\*
- Light use: 24 hours\*
- Full hardness: 7 days\*

*\*under normal climate conditions, 20°C/60% R.H.*

**Application tools:** Bona Polyester Roller

**Application rate:** 8-10 m<sup>2</sup>/litre (120-100g/m<sup>2</sup>) per coat

**Safety:** Unclassified

**Cleaning:** Wipe tools free from residual material before cleaning with a minimal amount of water. Dried material can be removed with acetone.

**Shelf life:** 1 year from date of production in unopened original container.

**Storage/transport:** The temperature must not fall below +5°C or exceed +25°C during storage and transport.

**Disposal:** Wastes and emptied containers should be handled in accordance with local regulations.

**Pack sizes:** 3 x 5 litres (44 boxes per pallet)
