Bona Edge by  **KÜNZLE & TASIN**

Powerful edge sanding with high manoeuvrability

Bona Edge by KÜNZLE & TASIN

Powerful edge sanding with high manoeuvrability

The more compact Bona Edge is an extremely powerful and easily manoeuvrable edge sander. It can be fitted with 'holed discs' or Velcro-backed discs and picks up dust better than most edge sanders on the market. It is equipped with lamps for better visibility and its shorter sanding arm improves manoeuvrability, which makes the machine easier to control. For optimal dust reduction, the Bona Edge is compatible with Bona DCS 70 (Bona Dust Containment System).

Application

For edge sanding of all kinds of wooden floors and parquet floors

Key Benefits

- Effective dust pickup
- High sanding ability
- Very manoeuvrable
- Powerful motor
- Efficient vacuuming
- Lightweight
- For both discs with holes and Velcro discs
- Dust containment ready
