Bona White

- White washed look
- Reduces wood yellowing
- Easy roller application
- GreenGuard approved for low indoor emissions

BONA WHITE IS a primer giving wooden floors a white washed look. Control the intensity by applying it in one or several layers. Applied in a single layer it typically preserves the impression of raw, untreated wood. Apply two or more layers for a truly white impression. Highly forgiving formula designed for easy roller application. Combine with a Natural, Extra Matt or Matt Bona lacquer for the best results.

TECHNICAL DATA:

| | |
|--------------------|---------------------------------|
| Base: | Acrylate/polyurethane |
| Category: | Waterborne 1-comp |
| Drying time: | 1-2 h between coats |
| Application tools: | Bona Roller (microfiber/fleece) |
| Applications: | 1-3 |
| Coverage: | 10-12 m ² /L |
| Pack size: | 10 x 1 litre 3 x 5 litres |
