

# Bona Commercial System™ Resilient Floor Strippers

Aggressive floor strippers developed for stripping polish, dirt and old cleaning residue from resilient floors such as VCT, LVT, linoleum and rubber. Very low odor, and works quickly to allow Building Service Contractor teams to work efficiently during the stripping process. Available in two formulas; low pH standard stripper for linoleum floors, and heavy duty stripper.

- Safe for linoleum floors
- pH neutral
- Very low odor
- Low toxicity
- Very high degree of efficiency
