- Ideal for stripping any synthetic flooring such as linoleum, rubber or anywhere a high pH stripper will damage the substrate.

Directions

BEFORE USING, READ ALL DIRECTIONS AND SAFETY DATA SHEET, KEEP OUT OF REACH OF CHILDREN

FOR TECHNICAL ADVICE: Call Bona US at 800-872-5515

WARNING!

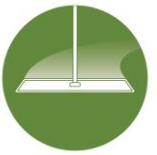

Causes serious eye irritation. Causes skin irritation. May be harmful if swallowed.

PREVENTION: Wear protective gloves when handling concentrate: nitrile rubber recommended. Wear eye or face protection. Wash hands thoroughly after handling. Avoid release to the environment. Don't get in eye or skin or on clothing. Keep container tightly closed.

RESPONSE: IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do, continue rinsing, if eye irritation persists: get medical advice/attention. IF ON SKIN: Wash with plenty of soap and water. If skin irritation occurs: Get medical advice/attention. IF SWALLOWED: Call a POISON CENTER or a doctor/physician if you feel unwell.

DIRECTIONS: Sweep or dust mop the floor to remove any debris. Dilute Bona Commercial System Resilient Floor Stripper 1:2 to 1:6 with room temperature or mildly warm water, depending on age and build-up of finish. Apply liberally with a mop to an area small enough so as not to allow the product to dry. Be sure to completely cover floor to baseboards. After 3 to 5 minutes, use 80 to 120-grit Bona Diamond abrasives with the Bona MultiDisc over 3' x 5' section of the floor. Pick up solution using a mop, wet vac or automatic scrubber. Rinse thoroughly with clear water to neutralize the floor and

Technical Data Sheet

remove residue as necessary. For linoleum floors, allow 24 hours to dry and apply Bona Commercial System Linoleum Primer. See Bona Commercial System Linoleum Primer for detailed instructions. For all other flooring types (VCT, LVT, PVC), once dry, apply Bona Commercial System Resilient Floor Base Color or Resilient Floor Finish. See Bona Commercial System Resilient Base Color or Bona Commercial System Resilient Floor Finish for detailed instructions. Asphalt tile and rubber flooring could be affected by stripping solutions in high concentrations with hot water. Always test floor before proceeding.

Maintenance

CLEAN-UP: Clean all tools and equipment with warm water.

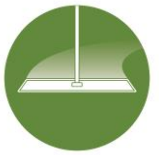

STORAGE: Close container after use. Store in area inaccessible to children.

DISPOSAL: Dispose of contents/container in accordance with local, state and federal regulations.
