

Bona[®] Belt

10" belt sander with a compact chassis that is easy to maneuver and transport

The Bona Belt's innovations include a compact chassis for easy maneuvering with increased power efficiency with a Poly-V drive belt. Special transport wheels provide protection and convenience during transportation and the wider drum increases productivity and produces the flattest floor possible. Single phase motor - 4 HP, 60 Hz, 230 Volt, and Thermal Overload Protection. Travel dolly, nose weight, and Sander Travel Base are included.

- Compact chassis – 10" drum in an 8" package – for easy maneuvering
- Poly-V drive belt increases power and is even more efficient than normal drive belts
- 6" adjustable height double-feather handle and lever operation
- Drum pressure, tracking, and cut angle all adjust safely from the top of the machine
- Atomic DCS[®] compatible
- 2 year warranty
- GREENGUARD Certified
