

ENHANCED PROTECTION LESS MAINTENANCE

THE BEAUTY OF OIL WITH LACQUER PROTECTION

**NOW
OVERCOATABLE
WITH BONA
TRAFFIC GO**

ENHANCE NATURAL BEAUTY

Bring out the natural beauty of wood with Bona Craft Oil 2K. Enhance the grain, depth, and colour while creating a rich, matt appearance with a natural feel. Combining excellent protection with natural aesthetics, it is trusted by professionals for floors that demand both character and performance.

NEED MORE PROTECTION?

For projects that demand enhanced resistance to wear and spills, as well as easier maintenance, Bona Craft Oil 2K can now be overcoated with the full Bona Traffic range, including Bona Traffic GO. Combine the natural appearance of oil with the added durability of a lacquer topcoat.

A SYSTEM BUILT FOR FLEXIBILITY

Overcoating Bona Craft Oil 2K with Bona Traffic finishes creates a durable floor system that combines a natural appearance with long-lasting protection.

BENEFITS OF OVERCOATING

ENHANCED DURABILITY

Enhances the overall wear resistance of the floor.

REDUCED MAINTENANCE

Minimises upkeep and saves time, especially in high-traffic environments.

IMPROVED SPILL RESISTANCE

More resistant to spills, stains, and daily use.

PRESERVED COLOUR & APPEARANCE

Helps maintain the original look, especially on coloured floors.

MORE SHEEN OPTIONS

Provides a wider range of sheen options to suit any design preference.

A flexible system that allows you to adapt each floor to the demands of the project, without compromising on aesthetics.
