INNOVATION FOR A BETTER USER EXPERIENCES

With more than 100 years of innovation behind us, we continue with passion, performance and pioneering guiding our journey forward. This year we will turn our attention to user focused innovations, performance with sustainability in mind and passion for bringing out the beauty in all kinds of floors.

This year‘s catalogue is filled with exciting news. The new Bona UX sanding machines are filled with new features, sprung from years of user experiences and we launch new unique FIBA approved solutions for sports floor.

THE BONA SYSTEM

As a professional contractor you can rely on Bona whether your project is a full renovation, protection of newly installed floors, or if you’re seeking design options. You can be assured that our complete range of solutions deliver performance, value and excellent result with a minimal environmental impact and healthy working conditions.

BONA UX SANDING

Bona continues to develop our solutions with the craftsman in mind. With our total approach to floor care and a complete system of compatible products we ensure you unparalleled performance allowing you to work with efficiency and speed without compromising on quality. A proof of our user experience focus is the new Bona UX family of sanding machines; Bona UX Belt and Bona UX Edge. All to ensure a smooth sanding experience.

EXTENDING THE SPORTS FAMILY

To strengthen our unique Bona sport floors offer to include new floor types, especially within resilient, we are launching two new product innovations for sports floor. Both of the new lacquers are FIBA approved. Bona SuperSport is a special coating for wooden sports floors, and Bona SuperSport Pure HD, is a perfect finish for resilient sports floor.

YOUR OWN WOOD STORY

With our new Bona oil range a world of design possibilities has opened up for floor owners. It is now a full range of oils based on renewable ingredients that inspires and supports you from vision to reality to create unique characters on wooden floors.

RENOVATION IS BETTER

As always, we take lead in sustainability and health in the field of flooring. With more than 100 years of experience we would like to share our knowledge and with our innovative products and systems inspire to renovate, rather than replacing, old and damaged floors. We want to show floor owners a world of possibilities and give you the tools to fulfil their dreams with a sustainable approach.

With a global approach on how we see sustainability and shared knowledge, we are now aiming for a closer cooperation and open dialogue with increased interaction and sharing through digital media with you as a floor contractor.

This will create a value-based, user experienced knowledge and creative exchange which will facilitate outstanding results with sustainable products and work methods, to bring out the beauty in all floors.

FASTENING

Success begins with a good foundation. And good fastening, with the right combination of strength and elasticity, is the first step to achieving a beautiful and lasting wooden floor. At Bona, our continuous R&D and dialogs with craftsmen have equipped us with what it takes to offer perfection in our craft. In this section, you will find all the products and accessories you need to lay the best foundation, regardless of subfloor type, dampness and evenness.

SANDING

The key to great sanding results lies in the perfect combination of machines and abrasives used. Bona's sanding tools not only deliver exceptional results, our systems are also made for maximum efficiency, ergonomics and safety.

With innovations such as dust-free sanding, we always strive to find new ways to improve the craftsman's working environment and process. This year we've pushed the boundaries of innovation by introducing the Bona PowerDrive NEB, the latest addition to the Bona Power Drive range. Used in combination with Bona FlexiSand 1.9, as part of our unique new Bona Brush Technology, now you can achieve even more textures and creative effects.
